Subject:- Winding up of the Central Malnad Planning Committee.

I am directed to refer to the Government of India Resolution No.F.14-10/50.G.M.F.(Co), dated the 5th October, 1950, regarding the setting up of the Central Malnad Planning Committee and to say that in accordance with the terms of reference outlined therein, the Central Malnad Planning Committee submitted their interim report, which contains an outline of the immediate and short-term plans recommended by them for these areas. Copies of these reports have since been sent to the State Governments for their comments and also for formulating specific schemes for their portions of the Malnad Region vide this Ministry's letter No.F.14-31/50-G.M.F. (Co) dated 12-2-51. While the replies from the State Governments are awaited, the report has been examined by the Government of India, with special reference to its financial implications. In view of the heavy expenditure involved and also in view of the inability of the Central Government to assist the State Governments in the implementation of the schemes recommended by the Committee, it has been decided that the Committee need not proceed further with this work, and that the Committee should accordingly be

(p.t.o)

be wound up with immediate effect. In the circumstances, the constitution of a Central Malnad Development Board, as originally contemplated will no longer be necessary. It is requested that the representatives of the State Governments on the above Committee may be informed accordingly.
